

### WHAT'S NEXT

**1 Relax. Congratulations!** You're a Purdue University Graduate! Boiler Up! The hard days of studying are over and you will notice so much free time on your hands. Enjoy it. Start a new hobby or rediscover an old hobby.

**2 Network.** Get to know your new colleagues and neighbors. Most likely, you will start meeting people from all over the world, away from your Purdue community. Ask your new friends about their education, overall career, and extracurriculars. Learn how you want to build your path to success.

**3 Start researching your next steps.** Whether you are considering furthering your education right away or down the road, start researching. Your Alma Mater guided you through success and have 200+ online and hybrid programs to help you keep learning. Ask your employer about tuition reimbursement and education payment plans.

**Click on the programs below for more information.**

### PROFESSIONAL DEVELOPMENT

#### COLLEGE OF AGRICULTURE

- Agronomy Essentials
- Animal Nutrition
- Pest Management
- Urban Agriculture
- Nutrient Management
- Precision Agriculture

#### COLLEGE OF ENGINEERING

- Additive Manufacturing
- Cybersecurity Design for Security
- Foundations of Secure Development
- Fundamentals of the Internet of Things (IoT)
- Lean Six Sigma
- Project Management

#### COLLEGE OF EDUCATION

- Applied Physiology with Clinical Correlations
- Developing Student Strengths & Talents
- Youth in Crisis: Preventing Suicide

#### COLLEGE OF PHARMACY

- Comprehensive Motivational Interviewing
- Introductory Medical Spanish for Clinical Staff
- Nuclear Pharmacy
- Nutrition Support Pharmacy

#### POLYTECHNIC INSTITUTE

- Construction Site Supervision Certificate
- Model-Based Definition
- Project Lifecycle Management
- Technical Data Package
- Construction Site Supervision

#### COLLEGE OF VETERINARY MEDICINE

- Veterinary Medicine Certificate for Diversity & Inclusion

#### EXCLUSIVE PURDUE ONLINE PROGRAMS

- Central Service Online Technical Training
- Certified Registered Central Service Technician
- Cyber Academy Cybersecurity Certificate
- Manufacturing Extension
- Therapeutic Pain Specialist (TPS)
